Corps to discuss Dworshak reservoir operations in Orofino, May 9

Orofino, Idaho – Got a question about Dworshak Reservoir? Officials of the Walla Walla District, U.S. Army Corps of Engineers will be available to the public on Tuesday, May 9, at the V.F.W. building here to discuss this summer's operation of Dworshak Dam and Reservoir.

The District's top leadership, members of the water management elements and a National Marine Fisheries Service representative will be available to answer questions and provide information on May 9, 4 - 8 p.m., at the V.F.W. Post #3296 meeting room, located at 330 Michigan Ave.

The purpose is to provide information to the public about the operating plan for Dworshak Reservoir through the summer of 2000. The public will have an opportunity to hear about reservoir operations, pool levels and will be able to ask questions.

"People may drop in at anytime 4 - 8 p.m. that evening and the Corps will be there to answer questions and provide information," said Charles Krahenbuhl, Dworshak project manager.

For more information, contact the District Public Affairs Office at (509) 527-7020, Dave Reese, chief of the Hydrology in the Engineering Division, Walla Walla District Office, at (509) 527-7283, or the Dworshak Project Office at (208) 476-3294.
